• Database: MongoDB, Firebase
• Tools & Platforms: Git, GitHub, Visual Studio Code, Canva, .NET
• Other Skills: API Integration, Debugging, UI/UX Optimization, Version Control

Education

Diploma in Computer Science Engineering
Government Polytechnic Madhogarh, Jalaun (2023 – 2026)
1st Year: 67% | 2nd Year: 70%

Projects

Polytechnic Academy – Free Resources Platform
Live Link: https://github.com/amit9950/PYQpolytechnic
A website where students can freely download books and previous year question papers (PYQs). Hosted on GitHub Pages and continuously updated using Git. Built with HTML, CSS, and JavaScript; planning full MERN stack migration.

Food Delivery App (MERN Stack)
Developed a full-stack food delivery system with user authentication, dynamic cart, and order tracking.

Job Portal (MERN + Tailwind CSS)
Created a responsive platform for recruiters and job seekers with real-time MongoDB integration.

Amazon Clone (MERN Stack)
Designed and built during industrial training; included product listing, cart system, and user authentication. Awarded Best of the Batch.

Personal Portfolio Website
A responsive portfolio showcasing skills, education, and project achievements.

Internships & Training

Eucoder Technology Pvt. Ltd., Lucknow
• 45 Days .NET Training – Developed small-scale applications; Best of the Batch award.
